

PROFESSIONAL SUMMARY

Front-end and Mobile Developer specializing in React Native and Angular, with over 3 years of experience creating efficient and engaging applications and combining technical skills with a strong focus on user experience to deliver digital products that exceed client expectations.

WORK EXPERIENCE

Kubrik Digital - Florida, United States (Remote) | 09/2022 - Present

Mobile Application for Canadian Client (June 2024 - Present)

- Led the complete development of a React Native application, taking full responsibility of the project
- Designed and implemented scalable architecture allowing product growth (Excel reports automation)
- Maintained direct communication with the client, receiving excellent feedback
- Technologies: React Native, Expo, TypeScript, Redux

Internal ERP Project (Sep 2022 - May 2024)

- Successfully completed a comprehensive migration from Angular 9 to Angular 16, meticulously updating each file and implementing performance optimizations that resulted in a 25% reduction in application response times.
- Developed reusable components that reduced development time
- Collaborated with the UX/UI team to ensure intuitive interfaces aligned with design standards
- Technologies: Angular, TypeScript, HTML5, CSS, Git

EDUCATION

Universidad Tecnológica Nacional (UTN) - Computer Systems | 03/2024 - Present

Pursuing a degree to deepen my expertise in core CS principles, complementing my 2+ years of front-end development experience with advanced theoretical knowledge.

- Programming Fundamentals & Algorithm Design: Logic, control structures, and problem-solving techniques.
- Data Structures & Software Architecture: OOP, Arrays, linked lists, design patterns, and system scalability.

Platzi: Online Programming Education | 06/2020 - Present

High School education: Economic Orientation | 2015 - 2020

SKILLS

Front-end development; mobile application engineering; JavaScript ecosystem; React Native development; state management; responsive design; API integration; web application architecture; TypeScript implementation; cross-platform development; UI/UX optimization; agile methodology; modern web technologies; component-driven design; proactive problem-solving; effective communication; international client collaboration; quick learning; adaptability to new technologies; remote work efficiency; strategic thinking; user-centric approach; time management; cross-functional teamwork; creative solution design; resilience under pressure; continuous self-improvement; multicultural communication; technical storytelling; project autonomy; critical analysis; interpersonal flexibility; constructive feedback reception.

LANGUAGES

Spanish: Native (C2), **English:** Upper Intermediate (B2)
